Announcing Our New
Dahlia
Mrs. J. H. Patterson

No Tubers to Offer Until 1929

GREETINGS, 1928

Our very first desire in this little catalog we are issuing for 1928 is to try and express our hearty appreciation for the confidence you placed in us last season as evidenced by orders we received from all sections of the country. It is not enough that we say "THANK YOU" but want you to know that we are truly appreciative.

We also wish to express our appreciation to all who wrote us letters of encouragement; those telling us how they were pleased with the bulbs and tubers received from us and what results they had from them, and asking help on points in culture, etc., that was not entirely clear. We have enjoyed these friendly relations more than we can tell, and hope to be able to help others in the future.

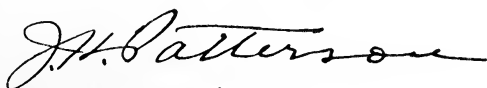

In this 1928 list we wish to call your attention to the fact that our listing of Gladiolus bulbs far exceeds those in the past and are of very high quality; it is useless to try to tell you how proud we are of this list of Gladiolus over those of former years.

The past summer has been a very busy one for us, but our labor was rewarded with an abundance of beautiful bloom and a harvest of strong, healthy bulbs, that have been carefully stored away for the winter.

We are always glad to welcome visitors to our gardens, and if you should be in this vicinity, we want you to come and see us. We are just common folks and really want to meet you, should the opportunity ever offer. Matthews is located on the Old Indian Trail, about half way between Muncie and Marion, so come if you can, and we assure you that you will not be embarrassed by high powered salesmanship, in an effort to sell you bulbs, for we are proud to show our gardens whether the visitors want to buy or not.

In presenting this humble list for 1928, Mrs. Patterson, the three daughters, Lucile, Dora Mae and Mary, and the son Delmar, join me in wishing you a prosperous and happy year.

Very truly yours,

A handwritten signature in cursive script, reading "J. H. Patterson". The signature is written in dark ink and is positioned below the typed name "J. H. Patterson".

ORDER EARLY—By so doing you will get the advantage of avoiding the rush season, as all orders are filled in the order received, regardless of shipping date and in case some varieties are sold out during the season, the first to order will be the ones to get them.

TIME OF SHIPMENT—As the time varies for planting in different localities, we will ship them when we think is the proper time to plant but would rather you would give shipping date with your order.

PRICES QUOTED—These prices on Dahlias are for strong field grown divisions that have not been forced or propagated from. The Gladioli and Tulip bulbs are of sufficient size to produce fine bloom the first season.

TERMS—On all cash orders we prepay delivery charges if the order is for \$1.00 or more; if it is less than \$1.00, add 10 cents. We will ship C. O. D. if you desire, and you may pay at planting time when the bulbs are received, but will add the Parcel Post and C. O. D. charges which you will pay when you pay for the bulbs.

SUBSTITUTION—If we are sold out of some variety we will substitute but will never use an inferior kind, it will be of equal or greater value. If you tell us not to substitute, the price will be refunded.

GUARANTEE—All tubers and bulbs are guaranteed to be true to name as grown by us and to reach you in growing condition; we are ready and willing to replace any that should prove otherwise. However, we will not be responsible for losses caused by things over which we have no control, such as insects, drought, poor soils, unfavorable locations, etc. In no case will we be liable for more than the purchase price of the bulbs.

TIME LIMIT—No orders will be accepted for Dahlias after May 10, for Gladiolus May 1, and Tulips October 10, as we expect to start planting as soon after these dates as the weather and soil conditions will permit

RESERVES—We reserve the right to refuse any C. O. D. order that we have reason to believe is not given in good faith, also, prepaid orders, if our stock of bulbs and tubers should be destroyed by frost, fire, windstorm or any other cause over which we have no control. In which instance we will refund purchase price in full.

GROWING INSTRUCTIONS—Will be included in each shipment.

Dahlias

CLASSIFICATION

CACTUS DAHLIAS—Have the long narrow petals and full to the center, marked C. The Hybrid Cactus have broader and more massive petals, marked H. C.

DECORATIVE DAHLIAS—Are large double flowers, full to center, with broad flat, somewhat loosely arranged floral rays with broad points or rounded tips marked D.

PEONY-FLOWERED DAHLIAS—Are of large size, usually having two or three rows of long flat petals or pointed and twisted petals, and show an open center, marked P.

SHOW DAHLIAS—Are the closely quilled ball-shaped varieties ranging in size from two inches in diameter up to massive bloom, marked S.

POMPON DAHLIAS—Are the little fellows two inches and under in diameter—same shape and form as Show, marked Pom.

SIZE OF TUBERS—Do not be guided by the size of a dahlia tuber, for just as good results will be obtained from a tiny root only an inch long, as from one a foot long. Do not condemn a tuber until it has been given a fair chance.

Our Fall List Includes the Following

REGAL LILY

(L. Myriophyllum)

A real beauty with large white flowers shading to yellow in the center, with a faint tinge of pink at the edges. Deliciously scented, similar to the Jasmine; extremely hardy; robust grower and free bloomer. One of the finest garden lilies bearing up to nine flowers on the stem. A vigorous grower with sturdy stems, densely covered with long, Lanceolate foliage. Very easy to grow.

DELPHINIUM

(Belladonna)

It is almost impossible to convey anything like an adequate description of the improved delphinium. The Belladonna is of light blue, the flowers produced on numerous branching stems. Their greatest charm lies in their wonderful stateliness of growth and their striking flowers of blue. Will offer in field grown clumps.

A few bulbs sent to a friend will give them
joy indefinitely.

Tulips

This list will show you what we will have to
offer in the way of tulips this season. We will
issue a special tulip list and should reach you early
in August. Last season our orders far exceeded
our expectations and we were obliged to return
many orders unfilled. We have substantially in-
creased our plantings for this year, but urge that
you send in your orders as soon as the list is re-
ceived in August and avoid any possible chance of
disappointment.

FREE DAHLIA TUBERS

With each dahlia order of \$5.00 or more, we will give you, without cost, your choice of any dahlia listed.

With each \$2.00 or more dahlia order received by March 30th, 1928, accompanied with the names and addresses of ten people who love to grow flowers, we will send, without cost, one tuber each of Ivanhoe and Dee Lighted, or their value in any other tubers selected.

FREE GLADIOLUS BULBS

With each Gladiolus order of \$5.00 or more we will give, without cost, your choice of any Gladiolus listed.

With each \$2.00 order or more received by March 30th, 1928, accompanied with the names and addresses of ten who love to grow flowers, we will send, without cost, one bulb each of Lustre, Ming Toy and Purple Spot.

EXTRA SPECIAL GLADIOLUS OFFER

We have set aside three each of the following sets of Gladiolus bulbs that we are going to sell REGARDLESS of PRICE to the three highest offers on each set. Our purpose in doing so is to better acquaint our patrons with our Gladiolus, and taking this means of advertising them. Our Dahlia and Tulip sales have far exceeded our expectations in the past, because of the publicity we have given them, but we want our patrons to use more of our

Glads; so make us some offers on these sets. When making offers, take into consideration that they will be delivered to you free of charge and guaranteed to be true to name and of blooming size. This offer closes March 15th and notices will be sent out immediately as to those that are accepted and the bulbs will be forwarded as soon as remittance is received. For your convenience we are placing in () the single bulb price after each variety.
